

ABDELOUAHID KHERCHACHE

Computer Science Student — Software Engineering (Final Year, L3) — USTHB, Algiers

Baba Hassen, Algiers, Algeria | wahidkherchache@gmail.com | +213 782 497 161 | github.com/wahidkherchache | linkedin.com/in/abdelouahid-kherchache

PROFILE

Final-year Computer Science student specializing in Software Engineering with a strong interest in front-end development using React and Next.js. Passionate about building responsive, user-focused web applications with clean, maintainable code. Seeking a Front-End React internship where I can contribute while continuing to grow as a software engineer.

EDUCATION

USTHB — University of Science and Technology Houari Boumediene, Algiers 2024 – Present
ACAD — Software Engineering track (Final Year, L3)

Coursework: Object-Oriented Programming (Java), Algorithms & Data Structures, Databases (Oracle SQL, normalization), Operating Systems, Computer Networks, Assembly (8086).

High School Baccalaureate — Technical Mathematics stream (Tech Maths) 2024
Baccalaureate diploma, Algeria

PROJECTS

F1 Telemetry Dashboard React, Vite, Jolpica-F1 API

- Built a Formula 1 data dashboard displaying live standings, race results, and driver telemetry.
- Implemented sessionStorage caching and AbortController-based request timeouts to optimize load times and API reliability.
- Deployed via GitHub Pages: wahidkherchache.github.io/F1-Dashboard/

Portfo — Personal Portfolio Website React 18, TypeScript, Tailwind CSS, Framer Motion

- Designed and developed a Ferrari-inspired personal portfolio site with custom animations and responsive layout.
- Handled the full Vite build/configuration and deployment workflow to GitHub Pages.
- Deployed via GitHub Pages: wahidkherchache.github.io/Portfo/

Medical Clinic Management System Java Swing, Oracle JDBC

- Developed a multi-window desktop application using Java for managing clinic operations as a university project.
- Used Oracle SQL sequences and triggers to manage relational data and business logic.

TECHNICAL SKILLS

Front-End: React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, DOM, Tailwind CSS, Vite

Other Languages: Java, C, SQL (Oracle), Assembly (8086)

Tools & Platforms: Git & GitHub, Linux/Unix

Also Learning: Web Security fundamentals

CERTIFICATIONS

Introduction to Cybersecurity — Cisco Networking Academy Jul 2026

Networking Basics — Cisco Networking Academy Jul 2026

LANGUAGES

Arabic: Native | English: Professional Working Proficiency

INTERESTS

Formula 1 racing, bodybuilding & fitness, cybersecurity, open-source development
